NOTES TO THE FINANCIAL STATEMENTS

At 31 December 2015

1 GENERAL

Audi Freestyle Saudi Equity Fund (the "Fund") is an open-ended fund created by an agreement between Audi Capital Company (the "Fund Manager") and investors (the "Unit Holders") in the Fund. The objective of the Fund is to invest according to the Shariah guidelines, and to achieve long term capital appreciation through investing primarily in the equities of the Saudi listed companies. The Fund will not distribute any dividends to the Unit Holders and will reinvest the profits and dividend distributions in the Fund.

The Fund was established on 16 Rajab 1436 (corresponding to 5 May 2015) as per approval from the Capital Market Authority (the "CMA") and commenced its operations on 1 June 2015.

The books and records of the Fund are maintained in Saudi Riyals (SR) which is the functional currency of the Fund.

2 REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the "Regulations") issued by the CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) detailing requirements for all funds operating within the Kingdom of Saudi Arabia.

3 SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with accounting standards generally accepted in the Kingdom of Saudi Arabia. The significant accounting policies adopted are as follows:

Accounting convention

The financial statements are prepared under the historical cost convention modified to include the measurement of trading investments at fair value.

Revenue recognition

Dividend income is recognized when the Fund's right to receive the dividend is established. Realised gains and losses on investments sold are determined on a weighted average cost basis.

Trading income includes all gains and losses from changes in fair value of trading investments (realized and unrealized) and related dividends.

Investment valuation

Investments which are purchased for trading purposes are valued at their quoted market price as at the balance sheet date. Unrealised gains and losses on the revaluation of investments and realised gains and losses on the disposal of investments are recognised in the statement of operations.

Investment transactions

Investments transactions are accounted for as of the trade date.

Zakat and income tax

Zakat and income tax are considered to be the obligation of the Unit Holders and therefore are not provided for in these financial statements.

Expenses

Expenses are recognised on an accrual basis.

8 RISK MANAGEMENT

Special commission rate risk

Special commission rate risk is the risk that the value of financial instruments of the fund will fluctuate due to changes in the market special commission rates.

As of the balance sheet date the Fund is not exposed to special commission rate risk as the Fund does not have any special commission rate bearing financial instruments.

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The Fund is exposed to credit risk from its bank balance. The Fund Manager seeks to limit the credit risk of the Fund by monitoring credit exposures of the Fund and ensures that the Fund deals with reputed counterparties only and maintains bank account with reputable, creditworthy banks.

Equity price risk

Equity price risk is the risk that the value of financial instruments will fluctuate because of changes in market prices.

The Fund's investments are susceptible to market price risk arising from uncertainties about future prices. The Fund Manager manages this risk for the Fund through diversification of Fund's investment portfolio in terms of geographical distribution and industry concentration.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in releasing funds to meet commitments associated with financial liabilities.

The Fund's terms and conditions provide for the subscriptions and redemptions of units throughout the week and it is, therefore, exposed to the risk of meeting Unit Holder redemptions. The Fund's securities are considered to be readily realisable as they are investments in traded equities which, can be easily sold at any time. The Fund Manager monitors the liquidity requirements of the Fund on a regular basis and ensures that sufficient funds are available to meet any commitments as they arise.

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to a change in foreign exchange rates. Most of the Fund's financial assets and liabilities are denominated in Saudi Riyals which is Fund's functional currency and therefore the management believes that the Fund is not exposed to any significant currency risks.

9 FAIR VALUES OF FINANCIAL INSTRUMENTS

Financial instruments comprise of financial assets and financial liabilities. The Fund's financial assets consist of cash and bank balance and trading investments while its financial liabilities consist of management fee payable, custody fee payable and accrued payables. Fair value is the amount for which an asset could be exchanged, or a liability settled between knowledgeable willing parties in an arm's length transaction. For investments traded in an active market, fair value is determined by reference to quoted market bid prices. In case of other financial assets and liabilities of the Fund, the management believes that their fair values at the reporting date approximate to the carrying values.
