INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE UNITHOLDERS OF ARABIAN OPPORTUNITIES FUND (MANAGED BY AUDI CAPITAL COMPANY)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Arabian Opportunities Fund (the "Fund") managed by Audi Capital Company (the "Fund Manager") as at 30 June 2019, and the related interim condensed statements of comprehensive income, changes in equity and cash flows for the six-month period ended 30 June 2019, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

At 30 June 2019

1. GENERAL

Arabian Opportunities Fund (the “Fund”) is an open-ended fund created by an agreement between Audi Capital Company (the “Fund Manager”) and investors (the “Unit Holders”) in the Fund. The objective of the Fund is to achieve capital appreciation primarily through investment in equities listed on the regulated stock markets of the members of the Arab League and in tradable debt instruments of corporate and sovereign issuers from the Arab League countries.

The Fund was established on 14 Shabaan 1428H (corresponding to 29 August 2007) as per approval from the Capital Market Authority (“CMA”) and commenced its operations on 8 September 2007.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the “Regulations”) issued by the CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) and, effective from 6 Safar 1438H (corresponding to 6 November 2016) by the New Investment Fund Regulations (“Amended Regulations”) published by the Capital Market Authority on 16 Sha’aban 1437H (corresponding to 23 May 2016), detailing requirements for all funds within the Kingdom of Saudi Arabia.

3. BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES

3.1 BASIS OF PREPARATION

These interim condensed financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting (“IAS 34”) endorsed in the Kingdom of Saudi Arabia.

The interim condensed financial statements do not include all the information and disclosures required in annual financial statements and should therefore be read in conjunction with the annual financial statements for the year ended 31 December 2018.

These interim condensed financial statements have been prepared on a historical cost basis, except for investments at fair value through profit or loss which are stated at their fair value and also using the accruals basis of accounting and the going concern concept.

These interim condensed financial statements are presented in United States Dollar (“USD”), which is the functional currency of the Fund, and all values are rounded to the nearest one USD, except where otherwise indicated.

3.2 New standards, interpretations and amendments

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Fund’s annual financial statements for the year ended 31 December 2018. There are new standards, amendments and interpretations apply for the first time in 2019, but do not have an impact on the interim condensed financial statements of the Fund.

There are other several amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund’s interim condensed financial statements. In the opinion of the Board, these will have no significant impact on the interim condensed financial statements of the Fund. The Fund intends to adopt those amendments and interpretations, if applicable.

6. FAIR VALUES OF FINANCIAL INSTRUMENTS

All assets and liabilities for which fair value is measured or disclosed in the interim condensed financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability.

6. FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

The table below presents the financial instruments measured at their fair values as of reporting date based on the fair value hierarchy:

	<i>30 June 2019</i>			
	<i>Level 1 USD</i>	<i>Level 2 USD</i>	<i>Level 3 USD</i>	<i>Total USD</i>
Investments at FVPL	12,658,645	-	-	12,658,645
Total	12,658,645	-	-	12,658,645

	<i>31 December 2018</i>			
	<i>Level 1 USD</i>	<i>Level 2 USD</i>	<i>Level 3 USD</i>	<i>Total USD</i>
Investments at FVPL	11,815,503	-	-	11,815,503
Total	11,815,503	-	-	11,815,503

For assets and liabilities that are measured at fair value on a recurring basis, the Fund identifies transfers between levels in the hierarchy by re-assessing the categorisation (based on the lowest level input that is significant to the fair value measurement as a whole), and deems transfers to have occurred at the end of the reporting period during which the change has occurred. During the period, there was no transfer in fair value hierarchy for the financial assets held at fair value through profit or loss.

For all other financial assets and liabilities, the carrying value is an approximation of fair value, including: cash and cash equivalents, receivables and advances and accrued expenses.
